

T28 – AgenticAI Using n8n

Introduction

Educational institutions often face challenges in monitoring student attendance and informing students with low attendance. Manual tracking and notification processes are time-consuming and prone to delays. To address this issue, an Automated Attendance Alert System was developed using n8n workflow automation.

System:

Complete Workflow Design:

Report Generation:

The screenshot shows the configuration of the 'Generate Attendance Summary Report' node in the n8n workflow editor. The node is set to 'JSON' output format. The input table shows student data with columns: Name, RegNo, Email, Attendance. The output table shows the generated summary report with columns: total_students, safe_students, warning_students, warning_list, date.

Name	RegNo	Email	Attendance
Nishakar	23AM055	nishakar055@gmail.com	78
NEHA S	23AM054	100606nehasakumar@gmail.com	88
GOPIKA A S	23AM014	gopikaas.aml@gmail.com	100

```
const att = item.json.Attendance;
if (att < 80) {
  warnings++;
  warningList.push({
    name: item.json.Name,
    regno: item.json.RegNo,
    email: item.json.Email,
    attendance: att
  });
} else {
  safe++;
}
return [
  {
    json: {
      total_students: total,
      safe_students: safe,
      warning_students: warning,
      warning_list: warningList,
      null: 2,
      date: new Date().toISOString()
    }
  }
]
```

total_students	safe_students	warning_students	warning_list	date
3	2	1	[{"name": "Nishakar", "regno": "23AM055", "email": "nishakar055@gmail.com", "attendance": 78}]	2026-06-03T13:05:41.819Z

Attendance Alert - Immediate Attention Required | Batch Salesforce

gopika.arumugm@gmail.com

Dear Nishakar,

This is to inform you that your current attendance status for the **SalesForceBatch** at **Sri Shakthi Institute of Engineering and Technology** requires immediate attention.

Student Details

Name: Nishakar
Register Number: 23AM055
Department: AITML
Current Attendance: 78%

Risk Level: HIGH

Your attendance is significantly below the required threshold. Please ensure regular attendance in upcoming sessions to avoid academic issues.

If you have any concerns, please contact your faculty coordinator.

Regards,
J+Py Training Team
Sri Shakthi Institute of Engineering and Technology

Conclusion

The Automated Attendance Alert System reduces manual effort, improves communication with students, and provides faculty with quick access to attendance analytics through automated report generation.
